

Sharon and Mel White are truly amazing breeders. It was obvious from my first contact with them via e-mail, that they were quality, caring people. From my initial communication with them to meeting the puppies, they were professional and well experienced with with the care of Collies.

Their farm is amazing, and their dogs are stunning. It was so hard to decide which pups to bring home, as they were all perfect. Jasmine (Ashley) and Cerise (Sasha) were the final choice, and have settled in quite nicely in their new home. They get along great with our other Sheltie, and our teenage son and 8 year old daughter. With their pleasant disposition, they are extremely well socialized, and we haven't had any problems with them being shy or introverted.

Amazingly, we've only had one accident in the house. As they came from a farm, they are fully aware that "outside" is the place to do their business, and I am in shock that after two days, they seem to have it down.

We couldn't be more pleased with the pups, with Sharon and Mel, and with Windy Acres Farm. They are a professional, caring team and I highly recommend them and their puppies.

Sharon, thank you so much for everything. They've brought tons of joy to our home already!!!!

Blessings,

Cynthia
